March 13th 2003.
Newtown Township Manager Jim Sheldrake.
This will be a breakfast meeting at Casey's

April 10th 2003.
We will be the guests of Dunwoody.

President's Corner

For three years I have been editing the newsletter on a monthly basis. Every month I have been calling the Association President and asking, "where is the President's Corner?" It is easier to call and ask someone for an article than it is to write one.

I would like to thank the members of the Association for electing me. I am looking forward to the coming year and the challenges and rewards it will bring.

Let me take this opportunity to thank Steve Videon for his service to the Association. He has worked diligently to ensure that NSB&PA remains relevant and vibrant.

I am glad to welcome the three new members of the board of directors; Paul Facenda of Facenda Photography, Bruce Cumby of Cumby Spencer and Associates and Christine Linde of Graphic Search Associates.

Over the coming year my focus will be to continue the good work of our group; keeping the meetings varied and relevant, encouraging members to host events. Our scholarship program (The Dick Pound Scholarship) is a key priority as we continue year after year to be wowed by the quality of the applicants. The annual tree lighting is a wonderful event and I would encourage members to attend. In addition, I will pay special attention to membership. Encouraging new businesses in Newtown Square to join and asking former members who have let their membership lapse to come back.

I would also like to ask you for your feedback. If you have comments or ideas related to anything for the good of the Association please feel free to contact myself or any other board member.

Taxes for Dummies

So We Figured You Would Want To Be There

The only thing worse than talking about taxes is paying them. It's not what you make. It's what you keep.

Frank and Harry McCullough are the principals of Newtown Square's McCullough & Company, CPA's and MC² Financial Advisors, Inc. They have significant years of business and personal financial tax experience, and are Certified Public Accountants and Certified Financial Planners®.

The McCullough's are guaranteeing to keep their presentation real. Not just a lot of information thrown out there just to make themselves appear smart. That would not be easy to do anyway.

Harry will again utilize his state of the art "index card system" that you may remember worked so well for him at last February's presentation on tax advantaged retirement savings. Frank last presented his thoughts to the NSB&PA when Reagan was president, so since then he should have a couple of new ideas.

Bring your questions. They will be answered. Maybe even correctly.

Didn't use your free lunch coupon yet? Here's your chance.
